No Prgrm-Courses for Prsnl Int	35.6
Education-AA	27.0
Teacher Certification-CERA	36.6
Engineering Genrl Studies-AGS	25.0
Nursing-AAS	30.9

- a) 1 student has an age less than 13, greater than 100 or unknown and is not included in the averages.
- b) District gives the average age of students district-wide
- c) Due to the way average age is determined in the student universe, it is not possible to calculate the average age for the other programs

NOTE: The top ten programs are determined from the Program Code. This is selected by the student during registration and may not accurately reflect classes taken by the student. In future reports, Program Code will be replaced by Reason for Attending PCC. This is a more detailed field being added to the registration process.
