Announcements

Dave Padgett touched on having informed the CDAC members of the NEW completability form at the CDAC orientation.

Dave Padgett also asked that the following topics be discussed at the February CCC meeting.

Transfer coursework having a lead campus.

Not run/offered courses.

Inactivation/reactivation of courses.

Completability

Voting Items

Consent Agenda unanimously recommended except for pulled items: PASSED

| Non-Consent Agenda (Items Pulled and Discussed): | |
|---|---|
| <p>CED 199 Introduction to Co-op: Liberal Arts</p> <p>CED 199WK Co- op Work: Liberal Arts</p> <p>CED 299 Introduction to Co-op: Liberal Arts</p> <p>CED 299WK Co- op Work: Liberal Arts</p> | <p>WITHDRAWN CDAC did not vote favorably for inactivation. CCC is giving them until the December CCC to bring back with updated obj/outlines.</p> |
| <p>CIS 298P1 Fundamentals of Network Security</p> <p>CIS 298P3 PHP and MySQL Web Development</p> <p>CIS 298T8 Introduction to C#</p> | <p>PASSED These courses are being converted to regular credit courses. There was some question as to why "obtain consent of instructor before enrolling in this course." was included in the recommendation line. It was recommended that this verbiage be deleted from the recommendation line and passed as such.</p> |
| <p>ECE 110</p> <p>ECE 111</p> <p>ECE 114</p> | <p>PASSED Prerequisite ECE 117 was being added to these courses and the question was raised as to why a prerequisite would have a higher number than the course it is a prerequisite for. Eileen Hammond thought that it might have something to do with keeping the course numbers consistent with other community colleges. The CCC recommended looking into changing the number if possible and if not the CCC would pass as submitted. Eileen got word back that keeping the course numbers consistent was the objective and so the number for ECE 117 will remain.</p> |
| <p>ENG 110IN Solid State Chemistry</p> | <p>PASSED The question was raised if both the ENG and CHM CDAC's had been asked to vote on this action and Reinhard confirmed that they had.</p> |

| | |
|---|---|
| FAR 050 Senior Fitness and Conditioning FSS 242 Games and Activities for the School-Aged Child | WITHDRAWN These courses were slated for inactivation because the obj/outlines had not been updated in 5 years, as such the modification were submitted for this CCC. There was some confusion from the CDAC chair, who was also the initiator for the modifications, as to what they wanted done. These were withdrawn to be brought back at a later CCC. |

| Late Items | |
|-----------------------------------|--------------------------|
| ABC 000 Title of Course | PASSED as pilot ABC 000. |

The meeting was adjourned at 3:40 pm

The next meeting is on **Monday November 14, 2005** at 3:00 pm at Community Campus (A-109/112).

The December CCC Meeting is Monday December 5, 2005 at 3:00 pm at Community Campus(A-109/112).

The Curriculum Office deadline for submitted curriculum is **Friday November 11, 2005** for the December meeting.

This is also the submitted curriculum deadline for inclusion in the 2006-2007 printed catalog.

87 VET NEWCERT Veterinary Practice Assistant *Classification O*

Action: New Program.

Description: This program prepares the student for employment as an entry-level Veterinary Team Member. Emphasis is on client assistance and providing essential communication between clients and medical team members. Skills will include front desk and receptionist procedures as part of assisting clients throughout their veterinary experience. Also included will be the basic skills necessary to assist Veterinary Technicians and Veterinarians in the completion of their medical duties. Students completing the program will be employable in veterinary clinics, hospitals, and facilities in which public interaction is involved.

Reason: A Veterinary Practice Assistant certificate would complement the existing Veterinary Technology Program. The certificate would fulfill the need for entry level staff in the Veterinary team. It would provide a shorter, less expensive option for students unwilling or unable to commit to the existing program. The certificate would be offered in the existing Veterinary Technology facility.
