

Standard Tabs

All MyPima users can view the Home, Library, Help, and My Tab tabs. The channels vary slightly based on whether they have student or employee email accounts. All employees also can view the @Work and Teach/Advise tabs. Any channel with a solid X in the upper-right corner can be deleted by the user. Users can add channels appropriate for their role through the Content/Layout Tool (upper-left of MyPima screen).

New Student Tab: New Students

A student who has completed an online application must wait 1 hour before they can activate their MyPima account. In addition to the standard tabs, new students see a New Student tab that provides the information shown below. Advisors can add the 8 Steps to Success channel and Important Contacts channel to their My Tab.
