To: #Pima-All

Colleagues,

I invite you to read the results of September’s College-wide Chancellor’s Cabinet Leadership Evaluation, and I wish to thank the more than 650 College employees who responded and expressed their opinions.

Please know that the members of the Chancellor’s Cabinet and I welcome your insights, especially those regarding transparency about this important administrative advisory group.

Toward that end, I have directed that several steps be taken to provide more information about the Cabinet. The Chancellor’s Cabinet webpage has been updated with the names, phone numbers and emails for each of Cabinet’s 17 members. The page currently contains agendas published in advance of Cabinet meetings and detailed notes of the meetings. In the future, in @PimaNews, employees will find timely summaries of Chancellor’s Cabinet decisions and discussions, along with information about Cabinet members’ community activities. The Cabinet will continue to look for ways to improve communication with the College and the community.

A better understanding of Chancellor’s Cabinet aligns with several of my goals for 2013-14, including improving and strengthening employee engagement, and restoring professionalism and confidence in the leadership and governance of PCC.

Through efforts such as these, the College can fulfill its commitment to openness, so that our employees and the public can have the utmost trust in the valuable community resource that is PCC.

Lee D. Lambert,
Chancellor
