Colleagues,

Each employee of Pima Community College can play a part in shaping our future by taking a few minutes to answer questions in an Employee Satisfaction Survey. Your participation in this survey will help the College gather critical information about campus culture, institutional goals, decision-making and the employee work environment.

As you might recall, I first informed you about the survey on Nov. 26. While the response so far has been great, I want to be sure that everyone at Pima has the opportunity to make their voices heard. Your views are important and I encourage you to share them.

The survey is completely confidential and should only take about 20 minutes to complete. Please click HERE and answer the questions by Friday, Dec. 20. Thank you.

Lee D. Lambert,
Chancellor
