### Graduation/Completion and Transfer Rates — Student Right to Know Reporting for July 2015

Pima County Community College District (PCC) provides the following information regarding its graduation/completion and transfer rates in compliance with the federal Higher Education Opportunity Act of 2008. The rates reflect the graduation and transfer status of students newly enrolled during the 2011-2012 academic year and for whom 150 percent of the normal time-to-program completion has elapsed.

During the fall semester 2011, 3,542 first-time, full-time, certificate- or degree-seeking undergraduate students entered PCC. After 150 percent completion time had lapsed, 7.1 percent of these students had graduated from PCC and 22.1 percent had transferred to another institution of public higher education. This gives PCC a success rate of 28.2 percent.

### Student-athletes Receiving Athletic-Based Financial Aid

During the 2011-2012 year, 112 first-time, full-time, certificate- or degree-seeking undergraduate student-athletes received athletic-based scholarships while enrolled at PCC. After 150 percent completion time, 33 percent of them completed their programs.

### Graduation and Transfer Rate by Sport, Ethnicity and Gender

The following table displays information on the graduation and transfer rates for various sports by gender and ethnic groups.

* Including the Center for Training and Development

** Success Rate = Number of graduating and/or transferring students divided by the number of entering students.

*** Other sports are men’s and women’s golf, soccer and tennis, and women’s softball and volleyball.

Shaded areas mean that no students receiving athletic-based scholarships were in that category of sport, ethnicity and gender.
