

Roster of Faculty Credentials 2014 – 2017

PimaCommunityCollege

Pima Community College is required by its accrediting agency, the Higher Learning Commission, to post a list of its instructors and their academic credentials (HLC Assumed Practice A5G). This roster is posted on the College's public website to meet this requirement.

The roster contains the names of approximately 2200 faculty who have taught a credit bearing course at least once from August 2014 through December 2017. The list is comprised of Faculty, Educational Support Faculty, and Adjunct Faculty.

The list includes unduplicated courses taught and degrees for which the College has official transcripts on file. Work experience is included for any faculty member who either does not have a degree or an official transcript on file. Additional degrees and other qualifications, such as work experience for the remaining faculty, licenses and certificates, will appear in later renditions of this roster.

The First Hire Date represents the day the person started working in some capacity for the College in either a classified or unclassified position.

If you have questions concerning the roster please email the Faculty Contracts and Certification Office at facultycertification@pima.edu.
