Project Summary

1. Request for Proposal Summary
Pima County Community College District (“College” or “District”) is seeking proposals from qualified firms for **Global Positioning System (GPS)** in accordance with the Scope of Work specified in this Request for Proposal (RFP).

2. Entity Submitting RFP. The terms “vendor”, “proposer”, “offerer”, “firm”, “vendor”, “company” or “contractor” used in this RFP or any subsequent documents or communications related to this RFP are interchangeable and mean the entity submitting a proposal and seeking to enter into a contract for the goods and/or services requested in this RFP.

3. Description of Pima County Community College District
Pima County Community College District, located in Tucson, Arizona, is one of the ten largest multi-campus, multi-site Community Colleges in the United States. The College is a two-year institution offering both occupational and traditional college courses, and awards many different degrees and certificates. The College’s comprehensive curriculum includes credit courses, workforce development programs (Center for Training and Development), adult education special programs (GED), as well as corporate and community based non-credit instruction. Students attend classes at six major campuses including the Community Campus, which itself holds classes at over 70 locations in Southern Arizona. The College employs more than 1,400 regular employees, approximately 1,500 adjunct faculty and 500 part-time personnel. More than 70,000 students attend credit and non-credit classes annually. The population for the Tucson metro area is over 1 million people. The College is accredited by the Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools.
Section 2
Scope of Work

General Outline:

1. Project Scope
   
   The primary purpose is to give the College Transportation Department, Department of Public Safety (Police), and Facilities Maintenance management groups the ability to track and locate, via web interface mapping and reporting, each College vehicle 24 hours/7 days a week.

   Additionally, optional system features may be added depending on costs and fit with operational needs. These features include the ability to remotely attain telematics data available from vehicle OBD-II systems, interface with the College’s facilities management system and fuel card management system, and the ability to schedule motor pool vehicles online. The College may or may not purchase these features if available, or may look to implementing them at a later time if the selected GPS system allows for expansion.

2. Background
   
   The College fleet is currently comprised of 112 light duty vehicles and 1 heavy duty vehicle. 106 of the light duty vehicles are OBD-II equipped. 6 light duty vehicles and 1 heavy duty vehicle are pre-1996 model year and will require capable non-OBD-II GPS equipment.

   The fleet is assessed annually to ensure the needs and demands of the College’s various groups and departments are efficiently met, and as such the total vehicle count and type may fluctuate slightly.

3. Technical Requirements
   
   The selected vendor will be responsible for installing new GPS modules into each vehicle. The College Transportation Department will coordinate with the vendor to schedule appropriate dates and times to perform the installs while limiting the impact on the College’s operations. Approximately half of the vehicles are based out of the one location, while the other half are located at the six campuses around Tucson, AZ.

   All fleet vehicles are currently equipped with early generation GPS modules. All current modules are owned by the College and may be completely removed during installation of new modules, or disabled and left in the vehicles providing no consequences of doing so exists. If removed, the modules will remain the property of the College.

   The selected vendor may perform the installations or contract with a 3rd party installer capable of meeting the above requirements and the College’s insurance and liability requirements stated in this request.

PRICING
The College is requesting two options regarding pricing for preferred specifications, an equipment purchase option and an equipment lease option. One of the two options will be selected. A purchase option will allow the College to purchase the GPS equipment upfront and as needed for additional vehicles along with any activation fees if applicable. The College would have ownership of the equipment and pay only a monthly fee for the tracking service(s). A lease option would allow the College to pay only a monthly fee that includes the tracking service and GPS equipment. Ownership and upgrading of the equipment would depend on the lease terms. Equipment installation costs may be included in the pricing or itemized separately. It’s understood by the College that vendors typically have equipment that either connect to the vehicle OBD-II system or power from the vehicle battery/charging system. Therefore vendors may price accordingly. Pricing for Optional Features should be listed in the Optional Features section in the Specifications section above.

PREFERRED SPECIFICATIONS EQUIPMENT PURCHASE OPTION – Per Unit
GPS equipment is purchased upfront and owned by the College. Service fees are charged separately.

11. **Drug Free Workplace** – The Vendor agrees that in the performance of the Agreement, neither the Vendor nor any employee of the Vendor shall engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity covered in the Agreement. Sexual harassment includes any unwelcome sexual advance toward a College employee or student, any request to a sexual favor from a College employee or student, or any other verbal or physical conduct of a sexual nature that is so severe or pervasive as to create a hostile or offensive working or educational environment for College employees or students. Vendor, subcontractors and suppliers for this project are required to exercise control over their employees so as to prohibit acts of sexual harassment of College employees and students. The employer of any person whom the College, in its reasonable judgment, determines has committed an act of sexual harassment agrees as a term and condition of the Agreement to cause such person to be removed from the project site and from College premises and to take such other action as may be reasonably necessary to cause the sexual harassment to cease.

Regardless of the Employee or Student personal information, even if such information is publicly available via directories, Contractor shall under no circumstances sell, duplicate, market, or give to any person or persons, entities or other companies a list or other personal information of any or all Employees or Students. All Employee and Student identities and personal information shall remain confidential. Disclosure by Contractor occurring without the express prior written consent of the Employee or Student shall result in the immediate termination of this agreement.

20. Assignment-Delegation – No right or interest in the Agreement shall be assigned or delegated by Vendor without the prior written permission of the College. Any attempted assignment or delegation by Vendor shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.

21. Force Majeure – Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing under the Agreement if such delay or default is caused by conditions beyond its reasonable control including, but not limited to wars, insurrections, fires, floods, governmental restrictions and/or any other cause beyond the reasonable control of the party whose performance is affected.

Price change requests shall be in writing, submitted at least sixty (60) days prior to the end of the current Agreement period, and shall be supported by written evidence of increased costs to the Vendor. The College will not approve unsupported price increases that will merely increase the gross profitability of Vendor at the expense of the College. Price change requests shall be a factor in the Agreement extension review process. The College shall, in its sole opinion, determine whether the requested price increase or an alternate option is in the best interest of the College.

26. **Term of Agreement**

   The initial term of the contract shall be for one year from date of award. Renewal of the contract may be effected by Purchase Order or an amendment to this Agreement approved by both parties and in the best interest of the College.

30. **Lack of Funding** – The Agreement may be canceled without further obligation on the part of the College in the event that sufficient appropriated funding is unavailable to assure full performance of the terms. The Vendor shall be notified in writing of such non-appropriation as soon as reasonably possible. No penalty shall accrue to the College in the event this cancellation provision is exercised. This cancellation provision shall not be construed so as to permit the College to terminate the Agreement in order to acquire similar equipment, material, supplies or services from another party.

31. **Stop Work Order** – The College may at any time, by written order to the Vendor, require the Vendor to stop all or any part of the work called for by the Agreement for a period of up to ninety (90) days after the order is delivered to the Vendor, and for any further period to which the parties may agree. The order shall be specifically identified as the Stop Work Order issued under this provision. Upon receipt of the order, the Vendor shall immediately comply with its terms and take all reasonable steps to minimize the incidence of costs allocable to the work covered by the order during the period of work stoppage. If a Stop Work Order issued under this provision is canceled or the period of the order or any extension expires, the Vendor shall resume work. The College shall make an equitable adjustment in the delivery schedule or Agreement price, or both, and the Agreement shall be amended in writing accordingly.
32. Suspension or Debarment – The College may by written notice to the Vendor immediately terminate the Agreement if the College determines that the Vendor has been debarred, suspended, or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor or Contractor of any public procurement unit or other governmental body.

34. Federal Immigration Laws and Regulations – Vendor warrants that it complies with all Federal Immigration laws and regulations that relate to its employees and complies with A.R.S. § 23-214(a) and that it requires the same compliance of all subcontractors under the agreement. Vendor acknowledges that pursuant to A.R.S. § 41-4401 and effective September 30, 2008, a breach of this warranty is a material breach of the agreement subject to penalties up to and including termination of the agreement. The College retains the legal right to audit the records of the Vendor and inspect the papers of any employee who works for the Vendor to ensure compliance with this warranty and the Vendor shall assist in any such audit. The Vendor shall include the requirements of this paragraph in each contract with subcontractors under the agreement.

If the Vendor or subcontractor warrants that it has complied with the employment verification provisions prescribed by sections 274(a) and 274(b) of the Federal Immigration and Nationality Act and the E-verify requirements prescribed by A.R.S. § 23-214(A), The Vendor or subcontractor shall be deemed to be in compliance with this provision. The College may request proof of such compliance at any time during the term of the Agreement by the Vendor and any subcontractor.
