SECURITY & THREAT ASSESSMENT AND RECOMMENDATION REPORTS

From the office of Vice Chancellor for Facilities / College Police
Introduction

- Security Risk Management Consultants, LLC commissioned in September 2013 by PCC.
- Received excellent cooperation and candid opinions from every PCC administrator, staff, faculty and student interviewed. Consultant also met with local law enforcement & fire protection agencies.
- Assessments included a physical survey of key areas across the College, a review of security and Police operations and current security technologies, and examined PCC’s methodology for handling incidents involving student behavior and potential threats.
- Activities took place both during the day and night.

Consultant produced two reports:
  - Security Assessment & Recommendations
  - Threat Assessment & Recommendations
Security Assessment & Recommendations

Consultant provided recommendations in the following areas:

Security Technologies
- Intrusion Detection Systems
- Security Video – CCTV Systems
- Emergency Communications Phones
- Electronic Access Control
- Emergency Notification Systems

Police and Security Organization & Services
- College Police
- Emergency Preparedness
- Community Service Officers
- Annual Security Report (Clery)
Threat Assessment & Recommendations

Consultant observed that the College has enacted a number of positive measures to manage student behavior and mitigate threats and violence.

Consultant provided recommendations in the following areas:

• Administration of the Behavioral Assessment Committee (BAC)
• Human Resources Policy Manual
• Faculty Representation on the BAC
• Additional Faculty Training and updating training materials
• Review the Student Code of Conduct and include security aspects of the code with students during orientation.
• Improve communications between Administrators and Faculty/Staff
• Include College Police in Faculty trainings.
Conclusion

PCC has been actively working to improve security features throughout all of the campuses and locations.

The College will be reviewing and analyzing the strategies and recommendations made by the consultant.

Recommendations from the VC of Facilities and College Police will be presented in the Spring of 2014.

PCC has been and remains strongly committed to the safety and security of our College community.
