Voluntary Framework of Accountability and the 2020 Vision

Board of Governors Meeting
July 9, 2014
Voluntary Framework of Accountability:

- VFA provides a set of measures appropriate to community colleges, developed over 18-months with broad input from across the country

- Includes a range of measures that address student progress and outcomes

- Provides PCC with national benchmarking data
2020 Vision:

- Developed by a consultant working with Arizona community college chancellors and presidents
- Based on the VFA
- Provides comparison data across the state on measures related to access, retention and completion
- Provides state benchmarking data
Fall-to-Fall Retention Rate for the 2010 Credential-seeking Cohort
2010 New Student College-level Course Success Rate

- Arizona Western
- Pima
- Eastern Arizona
- Maricopa
- Central Arizona
- Mohave
- Northland Pioneer
- Coconino
- Cochise
- Yavapai

Success rates vary among the institutions, with Yavapai having the highest success rate.
Six-year Graduation Rate for the 2006 Credential-seeking Cohort
Next Steps:

- Year one VFA measures are complete and posted online
- Updated state comparison data will be available in August
- Embedding metrics in the College’s institutional effectiveness plan
- Sharing findings with key stakeholders
