CONFERRING OF DEGREES

CONGRATULATIONS CLASS OF 2022!

After virtual graduations in 2020 and 2021, I am happy to say we are back to an in-person ceremony, our first ever to be held outdoors.

Graduation is among the best times of year for any student or college. And if ever a graduating class deserved a celebration, it's Pima's 3,330-some-member Class of 2022.

Your last few years have been unlike any other at Pima. But you persevered. You graduated!

Know that there's nothing virtual about your degree or certificate. It will be a passport to further academic and career achievement.

I would like to thank our faculty, staff, administrators and Governing Board. They've worked harder than ever to get you past the finish line.

I also want to thank our College Events team for pulling together what should be a uniquely fun experience at an incredible new venue.

And most of all, thank you, Class of 2022! Keep striving!

Lee D. Lambert, J.D.
Chancellor

CONGRATULATIONS, PIMA COMMUNITY COLLEGE GRADUATES!

On behalf of the Pima Community College District Governing Board and the citizens of Pima County for whom we have been elected to represent, congratulations on this significant life achievement.

We are truly honored that you chose Pima Community College to advance your education, and are happy to celebrate your graduation.

These are exciting times for all of you. As you embark on your next journey, we hope that you look back at your time with Pima as a capstone of accomplishment in your life. And, as you look forward to tomorrow, know that Pima considers itself your lifelong educational partner and is here to serve your future educational needs.

As chair of the Governing Board, I want to thank our administrators, faculty members and staff for their resilience and dedication in continuing to provide quality education. We also want to honor and thank your family and friends, fellow students and mentors who have been with you every step of the way.

We also are extremely grateful to the citizens of Pima County, who have invested in you through their financial and moral support of the College.

We will miss you, but are thrilled to see you here today, ready to take on the world, making your lives and the lives of those around you better. Once again, on behalf of the Board of Governors, Congratulations!

Catherine Ripley, Chair
Pima Community College District Governing Board

COMMENCEMENT SPEAKER

Webster Rose

Webster Rose, an online student from Tampa, Florida, is graduating with an Associate of Applied Science Degree in Health Information Technology. He also is the 2021 Instructional Technology Council (ITC) Outstanding eLearning student.

The proud son of Angela Rose and George Rose, he was born and grew up in Jamaica. He moved to Florida in 2006. He is a supervisor at Humana Insurance Company, a Fortune 500 company, where he has worked for 13 years.

He has been a PimaOnline student since 2018.

“Growing up in Jamaica, I was taught never to settle, but always aim for higher and better,” he said. “Jamaica is a small country but known all over the world. I am like Jamaica, a symbol of one but a force to be reckoned with in this world.”

Regina Romero Mayor, City of Tucson

Regina Romero was elected Mayor in November of 2019, becoming the first woman and first Latina Mayor of Tucson. Raised by immigrant farmworkers in Somerton, Arizona, Regina broke barriers early on as the first member of her family to vote and first to graduate from college.

Romero's policy priorities include community safety, health and wellness, housing affordability, transportation and mobility, climate action and economic development. She is the Co-Chair of Mayors Against Illegal Guns, and an Inaugural Member of the Mayors Alliance to End Hunger. She also is a member of the Climate Mayors Network.

Romero holds a Bachelor of Arts degree from the University of Arizona and a post-graduate certificate from Harvard University's Kennedy School of Government.

She is the proud mother of two bi-lingual, bi-cultural, and bi-adorable children, Emiliano and Luciana, and has been married to Ruben Reyes for 18 years.

MULTICULTURAL CONVOCATION STUDENT REPRESENTATIVES

Elisabeth Border

Diversity is central to our community. We are all from different walks of life and different cultures and different religions. As we learn from

these different cultures and religions, we start to gain further knowledge of the world. My family is the picture of diversity and I love it!

Miguel Angel Barrera Coronado

Diversity is a key element in the growth of society. The merging of different cultures, perspectives and life experiences is what ultimately

allows for the improvements of our lives in aspects such as equality, technological advances and social development.

Alexandra Bruno

Diversity allows people from different backgrounds to foster fellowship with one another because our community is of shared interest

and importance. We grow stronger working together. Our differences strengthen our community.

Susanna Delgado

We all want to feel valued and appreciated. It is important to remember we all matter. We should respect each other's differences.

We are created to be different and unique. We can each grow and learn from others who are different, giving us a broader perspective, allowing us to celebrate our differences. This, in turn, will help us coexist and unite with others. Ask yourself, "who is different from me and how can I learn from them?"

Molly Burruel

When people of different ethnicity, races, ages, genders, sexual orientations, education and abilities can come together, we create

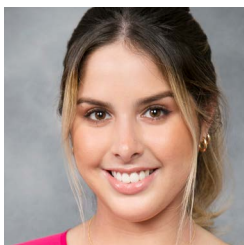

something infinitely more beautiful together than we ever could have alone. Together, we flourish.

Sage Hawkins

Diversity allows us as individuals to learn more about the world around us through storytelling and building connections. This dynamic ensures

that we are taking the time to consider the history of where a person comes from, and how it affects their educational journey and overall global perspective. Diversity breeds empathy.

Andrea Salazar Calderon

We need human vulnerability and connectedness to celebrate societal and cultural diversity. Diversity makes us stand out, allows us

to learn from others, and gives us greater perspective. We foster a kinder and more tolerant community by recognizing, respecting and accepting everyone's identities and backgrounds.

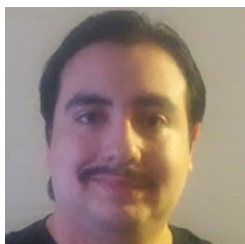

MULTICULTURAL CONVOCATION STUDENT REPRESENTATIVES

Kaitlin Krestel

Volunteerism, philanthropy, kindness or even helping someone with groceries, can change how we see not only our community but

ourselves. Remember, the past is our heritage, the present is our responsibility and the future is our challenge.

Ivan Ledesma

Diversity is important to me because it is a way for me to explore the outside world without having to necessarily leave the comfort of

my home or community. I get to experience new people, new foods and new cultures, and, as I experience them, I appreciate them. Diversity helps me grow an open mind, as I am able to learn from others who are different from me, and in turn, they can learn from me. It is a way for everyone to get together and be united because of who we are as people, rather than fearing others because they look or act differently.

Anatole Levallois

Diversity is what leads people to grow by learning from others' knowledge and experience. This diversity enables Tucson to be

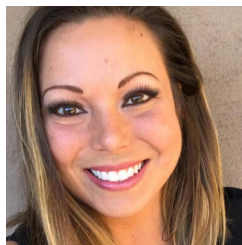

interconnected to its community and defines it as a unique city. Coming to Tucson, a place with so many cultures, led me to reconsider how I perceived the world after growing up in the same French town for my whole childhood.

Max Luevanos

As a tutor at the learning center, we demonstrate diversity everyday by helping each other in subjects we are struggling in. Because I am the

organic chemistry tutor, many of the engineering tutors come to me for my assistance on chemistry, while I seek their help in physics and math.

Lanna McMillen

Diversity moves the world forward in the right direction, with unique individuals offering their communities diverse ideas and

contributing different ways to improve the world around them for current and future generations to come.

Eduardo Vega

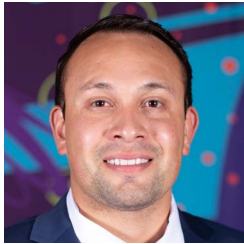

As a Hispanic, diversity is one of the most important factors to me when it comes to being a member of the Tucson community. Living near

the border results in a high diversity-oriented community, especially with the Hispanic population in Tucson. Diversity enhances creativity and gives a different perspective to many things, such as cultures and ideals. Diversity is a representation of everyone in the community. Diversity is really important for many reasons, but the most important is that we accept each other for who we are, for our diversity.

PIMA COMMUNITY COLLEGE DIVERSITY AND INCLUSION AWARDS

The Pima Community College Diversity and Inclusion Awards were created to acknowledge work in different areas throughout the College and community that brings us closer to creating diverse and inclusive communities. These awards are given annually to individuals, organizations and departments that have demonstrated exemplary leadership, vision or service in promoting diversity and inclusion, beyond their normal scope of work, in three categories: Leadership; Service; and Education.

LEADERSHIP AWARD **XAVIER SEGURA, ADMINISTRATION OF JUSTICE ADJUNCT FACULTY**

The **Leadership Award** honors those who have demonstrated leadership in developing initiatives that have enhanced and furthered diversity and inclusion goals.

This year's award goes to **Xavier Segura**, Administration of Justice Program adjunct faculty. He was nominated by his students. Here are samples of what they said in their nomination:

- “The nominee has been exceptional because he shows dedication and effort when he teaches his students. Not only does he focus on first-generation or under-represented students, but he also demonstrates dedication to the LGBTQI community, creating a space without judgment where these topics can be discussed. . . .”
- “Every single time we have a class, Mr. Segura makes sure to check in with each one of us. He also brings to our attention, real-life events currently taking place, so we are aware of what is happening right before our eyes. . . .”
- “For me personally, just by doing these simple things, he has increased awareness of issues, diversity and inclusion. It's the little things that count and that make the biggest impact.”

SERVICE AWARD **LARRY STARKS, ADMINISTRATION OF JUSTICE ADJUNCT FACULTY**

The **Service Award** honors those who have participated in or initiated diversity and inclusion-related work in areas including committees, community involvement and/or community outreach.

This year's award goes to **Larry Starks**, Administration of Justice Program adjunct faculty. Mr. Starks, a native Tucsonan and father of three, has been involved in the juvenile justice field for more than 30 years. After retiring, he continued to work to improve the lives of young people. Seeking community engagement after his brother died in 2016, he saw how important Juneteenth celebrations and education can be in changing the community. He is a member of a local traditionally Black fraternity and the NAACP, president of the Juneteenth celebration committee and past board member of Big Brothers Big Sisters of Southern Arizona. He works tirelessly to assist in the lives of young people who have made life-changing decisions.

PIMA COMMUNITY COLLEGE DIVERSITY AND INCLUSION AWARDS

EDUCATION AWARD - ENGLISH AS A SECOND LANGUAGE TEAM (LISA JURKOWITZ, PH.D., COORDINATOR AND FACULTY, CYNTHIA HOWE, FACULTY, PROGRAM ADVISOR SUSAN KUENZLER AND COLLEGE SUCCESS COACH CHRISTINA GARTELOS-PEREZ)

The **Education Award** honors those who have offered teaching, programming or activities designed to foster or enhance diversity and inclusion.

This year's award goes to the **English as a Second Language team of Lisa Jurkowitz, Ph.D., Cynthia Howe, Susan Kuenzler and Christina Gartelos-Perez**. For the past several years, the ESL team has worked diligently to create an equitable and inclusive environment to set up ESL students for maximum success at Pima, from admission through the completion of their studies. These efforts include advocating for translation of the Pima website and developing tools, such as videos for new students and links connecting students to advisors throughout the process.

PIMA COMMENCEMENT CEREMONY AND REGALIA BACKGROUND

Pima Community College generally requires that graduates wear traditional “cap and gown” academic regalia during the commencement ceremony. At the same time, Pima also embraces graduates’ self-expression, both reverent and light-hearted, as part of the ceremony. Graduates may and often do personalize or supplement their traditional graduation attire to reflect their own traditions, achievements and personalities. There may also be times when wearing alternate ceremonial attire, other than a traditional cap and gown, enhances the commencement ceremony for the graduate while still honoring the importance of the occasion.

The tradition of wearing caps and gowns at Pima Community College graduation ceremonies began in the mid-1980s. During the procession, Pima graduates, administrators and faculty members wear colorful academic regalia that has an interesting history and symbolism.

The costume was created at ancient European universities and was worn daily to distinguish academic persons, such as doctors, masters, licentiates and bachelors, from other populations. It evolved further as colleges and universities adapted the gown, hood and cap from early European versions. Each costume has a distinct meaning.

The doctoral gown has velvet panels and sleeve bars in the distinctive color representing the field of learning and immediately identifying the doctor’s degree. The master’s gown is identified by the sleeve that drapes freely to the wrist, with the back of the sleeve extending down below the knee in a crescent shape. The distinguishing feature of the bachelor’s gown is the official pointed sleeve, lavish in its drape and fullness. The simplest style indicates the gown of the associate degree candidate.

The Intercollegiate Code dictates colors on the academic hood that relate to various fields of learning: Light blue represents education; brown, fine arts and architecture; peacock blue, public administration; apricot, nursing; citron, social work; and sapphire blue, business administration.

Students graduating with honors who belong to the national scholastic honor society Phi Theta Kappa, wear a gold hood and tassel. Some also will wear pewter medallions hanging from a red, white and blue ribbon, signifying that they have completed the Student Medallion Leadership Institute. During the ceremony graduates will move their tassels from right to left, as instructed, to complete the conferring of degrees.

During the processional, the Chancellor is traditionally preceded by the bearer of the academic mace. The academic mace has become the symbol of the power of colleges and universities to confer degrees to candidates who have earned the privilege of the degree.

The Pima Community College mace is constructed of materials native to Arizona: Mesquite; turquoise and copper. It was designed by Pima’s Media Production and Publications department.

The mace and base were commissioned for fabrication to local artisans: Ken Tower, a retired instructor from Flowing Wells High School, for the mesquite woodworking; Shane McPherson of Mac’s Indian Jewelry, for the creation of the turquoise-inlaid copper rings and the turquoise inlay to the seals; and Desert Crucible Inc., a local art foundry, for casting the bronze College seal.

2022 CLASS PROFILE

A total of 3,330 Pima Community College students have graduated or are candidates for graduation at the May ceremony.
